RECYCLED

## 100% RECYCLED PAPER

- Ecologic toilet paper, 100% biodegradable.
- No bleach or whitenings.
- Made from recycled fibers subjected during its manufacturing process at very high temperatures that sanitize the paper, taking care of the skin and guaranteeing its safe and harmless use.
- Less CO<sub>2</sub> emissions.
- 0% plastic wrapping.
- Target: zero waste.
- Favours circular economy and contributes with the social and ecological responsibility we all aim to.
- “Ecology of life”: we give paper a second chance.
- Compact = more product, less space.
